

Costs and Limitations of Certified Health IT

Capability	Description of Capability	Costs or Fees <i>Types of costs or fees that a user may be required to pay to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of the implementation or use of the capability -OR- in connection with the data generated in the course using the capability</i>	Contractual Limitations <i>Limitations of a contractual nature (including developer policies and other business practices) that a user may encounter in the implementation or use of the capability -OR- in the connection with the data generated in the course of using the capability</i>	Technical or Practical Limitations <i>Limitations of a technical or practical nature that a user may encounter that could prevent or impair the successful implementation, configuration, maintenance, support or use of the capability -OR- prevent or limit the use, exchange or portability of any data generated in the course of using the capability</i>
§170.315(d)(1) Authentication, access control, authorization	Enables the ability to verify against a user identifier that a user seeking access to electronic health information is the one claimed and establish the type of access to electronic health information a user is permitted based on user or user role and the actions the user is permitted to perform with the technology.	One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation	<i>Contractual agreement is required</i>	None
§170.315(d)(2) Auditable events and tamper-resistance	This functionality records user actions related to electronic health information and records the audit log status. It provides a mechanism to assure audited information is not tampered	One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation	<i>Contractual agreement is required</i>	None
§170.315(d)(3) Audit report(s)	This functionality enables a user to create an audit report for a specific time period and to sort entries in the audit log	One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation	<i>Contractual agreement is required</i>	None
§170.315(d)(5) Automatic access time-out	This function automatically stops the user from accessing health information after a predetermined period of inactivity. It requires the user to authenticate again in order to resume or regain the access that was stopped.	One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation	<i>Contractual agreement is required</i>	None
§170.315(c)(1) Clinical quality measures (CQMs) — record and export	This function provides the ability to record certified CQMs and export certified CQMs based on standard specified in §170.205(h)(2) and ranging from one patient to multiple patients. User can export the CQM data anytime without developer assistance	One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation	<i>Contractual agreement is required</i>	None

<p>§170.315(c)(2) Clinical quality measures (CQMs) — import and calculate</p>	<p>This functionality enables a user to import a CQM data file in accordance with the standard specified in §170.205(h)(2) for one or multiple patients. User will be able to execute this capability at any time the user chooses and without subsequent developer assistance to operate.</p>	<p>One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation</p>	<p><i>Contractual agreement is required</i></p>	<p><i>None</i></p>
<p>§170.315(c)(3) Clinical quality measures (CQMs) — report</p>	<p>This functionality enables a user to electronically create a data file for transmission of clinical quality measurement data</p>	<p>One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation</p>	<p><i>Contractual agreement is required</i></p>	<p><i>None</i></p>
<p>170.315(g)(4) Quality management system</p>	<p>CareVoyant meets the QMS criteria for certified modules</p>	<p>One-time Implementation fee. One-time licensing fee and annual maintenance fee for on-premise implementation. Monthly subscription fee for hosted implementation</p>	<p><i>Contractual agreement is required</i></p>	<p><i>None</i></p>
